PROFESSIONAL SUMMARY

Passionate full-stack web developer and Computer Science student at Air University, Multan Campus, with hands-on experience in building dynamic, scalable web applications using React, mobile applications, and AI/ML-based computer vision systems using Python and OpenCV. Proficient in front-end development, database design with MySQL, and delivering end-to-end solutions from interactive UI design to backend integration. Seeking an internship opportunity in full-stack or web development to contribute technical skills and gain industry experience.

EDUCATION

Bachelor of Science in Computer Science

2023 – Present

Air University, Multan Campus | CGPA: 3.05 / 4.00

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, React.js, Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Tools & Platforms: GitHub, Android Studio, VS Code

EXPERIENCE

Web Development Intern – DEE Designers

- Assisted in front-end web development using HTML, CSS, and JavaScript
- Worked on responsive web design and debugging

PROJECTS

Media Streaming Web Application

Full-Stack MERN Project

Technologies: MongoDB, Express.js, React.js, Node.js, REST APIs, MongoDB Atlas

- Built a full-stack video streaming platform with upload, search, and video playback functionality
- Developed secure and scalable REST APIs using Node.js and Express.js with proper authentication flow
- Implemented a responsive, component-based frontend in React.js with reusable UI patterns
- Integrated MongoDB Atlas for cloud-based data storage with Mongoose ODM for schema management

Face Recognition Attendance System

Technologies: Python, OpenCV

- Created an AI-based attendance system using Python and OpenCV for automated facial recognition

Traffic Accident Detection System

Technologies: Python, Machine Learning, OpenCV

- Developed a machine learning-based accident detection system capable of detecting vehicle collisions from CCTV/video footage and generating alerts

CERTIFICATIONS

- Web Development** – DEE Designers
- Frontend Development** – Coursera
- WordPress** – Digiskills

CORE COMPETENCIES

Web Development • Database Management • REST API Development • Machine Learning • Debugging & Problem Solving • Agile/SDLC

LANGUAGES

English – Fluent Urdu – Native
